

# What we do

## Economic abuse limits women's choices and ability to access safety

Our mission is to raise awareness of economic abuse and transform responses to it

### We focus on making change happen through:

**Educating communities** so girls and women can build economic stability and independence.

**Increased understanding of economic abuse** so society recognises and can respond to economic abuse.

**Improving professional practice** so those working with victim-survivors can recognise and respond to economic abuse.

**Changes in policies and procedures** so organisations understand economic abuse and remove barriers to economic safety.

**Changes to national laws** so policy-makers reflect an understanding of economic abuse in the decisions they make.

Over time and by working in partnership, we want to support women to be:

- able to access economic resources
- in control of their own economic resources
- economically stable
- compensated for economic harm
- economically equal

Our vision is a world in which women and girls are economically equal and live their lives free of abuse and exploitation
